

2024 Power Wheels Racing Rules

- 24 and 12 volt classes
- Kids from ages 3 to 6, as long as they can steer and fit in the car
- No brushless motors
- No motorcycle or bikes
- No boost buttons

12 volt stock

- Can be painted and have decals
- Stock battery or same stock replacement battery or it will run in 12 volt modified
- Stock body and chassis as it came in the box
- Stock wheels
- Must have Power Wheels gearboxes, no chain or belt driven
- One 12 volt battery to power the car

One parent per child permitted on the track during the races.

Registration is from 12-1 PM on race day. There will be a separate entrance line. Look for the signs when you pull into the track. All kids must have safety helmets.

RACE HIGHLIGHTS: May 28 Season-Opening Races & Demolition Derby!

Here is a compilation of the top highlights from our 2023 season-opening races on Sunday, May 28, including the DEMOLITION DERBY!

It was an action-packed day, with excitement in the pits, an informative drivers meeting, several first-time winners, a reigning champion beginning a journey towards back-to-back titles, and a competitive demo derby! We also beat Mother Nature to the end.

Highlight videos will be released the week after every event. They can also be found on YouTube, TikTok, and Instagram.

SHARE this video with your family and friends to get the word out!

You can post these on the main fb if you want. Last year, I posted a "close finish of the night" every week and the drivers liked to see them. It is the #42 of Mike Duskey beating out the #29 of Jeff McInnis for 4th place in their heat race.
